A.D. HENDERSON SCHOOL/FAU HIGH SCHOOL

May 22, 2019

Dear Parents,

___ _____ _____ took a mathematics placement test recently. This test, along with additional criteria, was used to place your child in the middle school mathematics course that best meets his/her needs. The suggested mathematics placement for your child during the 2019-2020 school year is below along with their summer math assignment. ***Placements are subject to change***.

If you have any questions, please contact Ms. Hoff at choff1@fau.edu.

_____**MJ 1 (6th grade math)**

Summer Assignment: *Student must complete 100% of the 5th grade pie in ALEKS. If you have already completed that pie, continue to work in ALEKS for a minimum of 9 hours and mastering a minimum of 45 topics.*

_____**MJ 2 (7th grade math)**

Summer Assignment: *Student must complete 100% of the 6th grade pie in ALEKS. If you have already completed that pie, continue to work in ALEKS for a minimum of 9 hours and mastering a minimum of 45 topics.*

_____**Pre-Algebra**

Summer Assignment: *Student must complete 100% of the 6th or 7th grade pie in ALEKS. If you have already completed that pie, continue to work in ALEKS for a minimum of 9 hours and mastering a minimum of 45 topics.*

_____**Algebra I**

Summer Assignment: *Student must complete 100% of the Pre-Algebra pie in ALEKS. If you have already completed that pie, continue to work in ALEKS for a minimum of 9 hours and mastering a minimum of 45 topics.*

_____**Geometry**

Summer Assignment: *Student must complete 100% of the Algebra I pie in ALEKS. If you have already completed that pie, continue to work in ALEKS for a minimum of 9 hours and mastering a minimum of 45 topics.*

Thank you,

Cornelia Hoff
