2023-2024 Title IV Stakeholder Input

The Title IV grant provided by the FDOE targets three areas of instruction:

- Providing a well-rounded education
- Supporting safe and healthy students
- Using technology to improve students' digital literacy.

ESEA Section 4106(c) requires districts to develop its application in consultation with stakeholders.

Examples of FDOE-Suggested Areas of Focus for Title IV

- Programming to improve instruction and student engagement in STEM, including access to these subjects for underrepresented groups.
- Strengthening instruction in American history, civics, economics, geography, government education, and environmental education
- Implementing programs that support a healthy, active lifestyle
- Building technological capacity and infrastructure
- Carrying out innovative blended learning projects
- Providing students with the resources to benefit from high-quality digital learning opportunities
