
CODE OF STUDENT CONDUCT

Introduction

Florida Atlantic University Schools (FAUS) including A.D. Henderson University School and Florida Atlantic University High School support the belief that school should be a place where teachers can teach, and students can learn. Maintaining an optimum environment for learning is dependent upon all constituents of the school community fulfilling their responsibilities and realizing their rights.

The intent of the **Code of Student Conduct** is to provide an effective teaching-learning process and to outline the school's responsibilities for student health, safety, and welfare. The Code of Student Conduct further helps students, parents, faculty and staff understand the guidelines for maintaining a safe and orderly learning environment. In addition, all students and staff are charged with modeling the characteristics of civic and character education, and literacy. This **Code of Student Conduct** is prescribed in Section 1006.07, Florida Statutes, and may be supplemented by the policies and regulations of FAU.

This **Code of Student Conduct** applies to all students in kindergarten through grade 12 while on school and University grounds, while being transported by School District and University transportation, and during school-sponsored events, such as field trips, athletic functions and similar activities.

While students may be disciplined for infractions as provided in this Code of Student Conduct, there also may be law enforcement consequences for acts of misconduct that violate the law. This Code of Student Conduct is based upon the School Advisory Body (SAB) rules governing student conduct and discipline.

Guiding Principles of the Code of Student Conduct

We believe that....

- Trustworthiness, respect, responsibility, fairness, caring, and citizenship are essential to the well-being of individuals and society.
- All individuals have value.
- Every individual can contribute something of worth to society.
- Individuals are responsible and accountable for their choices and decisions.
- To grow and thrive, individuals need caring relationships and a nurturing environment.
- Supportive families are the foundation of our educational community.
- High expectations lead to higher performance which, in turn, empowers the individual and strengthens society.
- Continuous learning is a lifelong process that is essential to a productive and enriching life.

FAUS, including AD Henderson University School and Florida Atlantic University High School (Boca and Jupiter campuses), are recognized throughout Florida for its exceptional academics, innovative programming, student accomplishments, and professional staff. The district's success is due to its commitment to both excellence in academics and character development.

CODE OF STUDENT CONDUCT

FAUS has adopted Character Counts! and The Six Pillars of Character (Trustworthiness, Respect, Responsibility, Fairness, Caring, and Citizenship) to reinforce civic and character education. Individual worth and high expectations for all students are part of this value system. This provides a common approach to say children matter, values matter, character matters, and academic excellence matters in our community and in our country.

The principal is responsible for the orderly school administration, operation, and instructional leadership under the supervision of the superintendent, in accordance with the rules and regulations of the School Advisory Body. The School Resource Officer(s) and other law enforcement officers have the power and authority to conduct investigations independent of those conducted by the school, including family, staff, administration, and counseling personnel, for the same incident. Furthermore, the sanctions imposed by the school for misconduct are separate and distinct from the consequences that may be imposed following the arrest and prosecution of a student for a violation of the law originating from the same incident.

Physical Acts of Aggression

Incidents of pushing, shoving, tapping, hitting, kicking, punching, fighting, etc., are all categorized as physical acts of aggression. In determining consequences applicable to the situation, all parties are considered to be responsible for their actions. Physical acts of aggression will result in an out-of-school suspension, withdrawal or expulsion.

Cellular and Wireless Devices

In accordance with state law (Section 1006.07(2)(f), F.S.), students may possess cellular phones and other wireless communication devices on school property and school-sponsored transportation, as long as the students adhere to the restrictions provided herein. Any unauthorized use of cellular phones, wearable technology, and other wireless communication devices during the instructional school day, while on school-sponsored transportation, in the cafeteria, or FAUS Code of Student Conduct at such times as not authorized by the principal or designee, is prohibited as it disrupts the instructional program or distracts from the educational environment. Students may not use wireless communication devices during instructional time, except when expressly directed by a teacher solely for educational purposes.

1. Elementary School Students.

Elementary school students may possess cellular phones and other wireless communication devices on school property and school-sponsored transportation, provided such devices are not visible, used, or activated, and are kept in the "off" position throughout the instructional school day and while on school-sponsored transportation.  - ii. If a cellular phone or wireless communication device is confiscated, the device shall be taken to the school's main office to be identified and placed in a secure area.
 - iii. Students will be disciplined as provided in this policy.
- B. The application of discipline for violations under this policy will be progressive except for those instances where there are additional aggravating factors as outlined in the non-exclusive listing in paragraph 4 of this policy. Any additional aggravating factors may subject the student to more stringent discipline consequences and /or reports to law enforcement agencies.

7. Responsibility/Liability

Any student who chooses to bring a cellular phone or another wireless communication device to school shall do so at his or her own risk and shall be personally responsible for the security of his or her cellular phone or wireless communication device. The school personnel will assume no responsibility or liability for loss, theft, damage or vandalism to a cellular phone or other wireless communication device brought onto school property, or for the unauthorized use of any such device.

8. Safety in Private Spaces Act s. 553.865, F.S. and s. 1000.071, F.S.

In accordance with state legislation, every public K-12 educational institution must adopt policy clarifying that in the state of Florida, a person's sex is an immutable biological trait, and that an individual's pronoun should correspond to the person's biological sex at birth. Individuals are required to use the appropriate restroom and changing facility that corresponds to the individual's sex at birth. Single-unit bathrooms and accommodations will be made for students when necessary.

CODE OF STUDENT CONDUCT

If any student willfully enters a restroom or changing facility that is designated for the opposite sex on the school premises, for a purpose other than the authorized uses outlined in s. 553.865, F.S., and refuses to depart when asked to do so by an authorized staff person, the student may be subject to disciplinary action.

Consequences/Interventions

All members of the school are responsible for maintaining appropriate student behavior. The Code of Student Conduct extends to all school-related activities and school-sponsored trips. When behavior becomes excessive enough to disrupt learning or the activity of focus, a referral should be initiated. A referral is a written report to the school administration by school faculty or staff documenting student misconduct.

Consequences and/or interventions for such behaviors may include, but are not limited to:

1. Parent Contact
2. Behavior Contract
3. Last Chance Agreement
4. Referral to Counseling Services
5. Detention
6. Out-of-School Suspension
7. Intervention by School Resource Officer
8. Recommendation for Withdrawal of Invitation or Expulsion

Consequences for unacceptable behavior will be administered in accordance with the discipline matrix. More than one action may be taken for unacceptable behavior.

Students who are assigned to Out-of-School Suspension will receive all missed assignments and are awarded credit for work turned in to the teacher. Work missed is due upon the student's return to school, in accordance with the Attendance Policy. The principal or designee may intervene in extenuating circumstances.

Any student who is assigned to in or Out-of-School Suspension, withdrawn, or recommended for expulsion, is prohibited from attending any school function during the time they are serving the consequence. Any student who has received two or more referrals in a given semester will NOT be permitted to attend field trips and/or extra-curricular events in that semester.

Withdrawal and Expulsion Processes

The Discipline Committee is composed of the principal or designee, assistant principal or designee, school resource officer, one teacher from each grade grouping team, and the school lead counselor or designee. Subcommittees of the Discipline Committee may be convened as appropriate.

CODE OF STUDENT CONDUCT

The Code of Student Conduct shall be reviewed annually by school administration, the Discipline Committee, and the School Advisory Body to ensure all legislative mandates are updated within the policy as well as other necessary changes to ensure clear communication to students, parents, and staff. Final approval of the Code of Student Conduct shall be made annually by the School Advisory Body of Florida Atlantic University Schools.

Withdrawal

A student may voluntarily or involuntarily withdraw from school based on a variety of circumstances. Involuntary withdrawal may occur for a variety of reasons, including but not limited to, academic or behavioral concerns.

When withdrawal is determined for an incoming student based on an academic or behavioral record that negates the student from meeting the minimum requirements for final acceptance, the parent/guardian and student will be notified of the withdrawal of invitation to attend A.D. Henderson and FAU High School.

When withdrawal is considered for a current student, the parent/guardian will be contacted and a meeting will be scheduled to discuss the student and the circumstances. A student and/or parent/guardian will have the opportunity to provide relevant information to assist administration in determining the extent of the circumstances and a possible course of action. If a withdrawal from school is determined, then the parent/guardian will be notified of the reason and provided an opportunity to submit, in writing, any additional information to support the student's case to remain at A.D. Henderson and FAU High School.

The final determination by administration will be provided in writing to the parent/guardian.

Hearing Procedures for Expulsion Proceedings

1. The Hearing is not a legal proceeding. Formal rules of process, procedure, and evidence do not apply.
2. The Hearing will be conducted with the following objectives:
 - a. Inform the student of the charges.
 - b. Provide the student an opportunity to respond to the charges.
 - c. Review the evidence as presented.
 - d. Determine if any violation of the Code of Student Conduct, school policy, and/or state statute was committed.
 - e. If the student is found responsible for one or more violations, the Hearing Officer, (superintendent or designee), will determine the appropriate disciplinary action.
3. All parties to the Hearing may arrange for witnesses to voluntarily present relevant information during the Hearing. Such witnesses will not be sworn in. Each witness will be informed of the requirement to be truthful. A student providing untrue testimony at the Hearing is subject to disciplinary action.
4. The student or the student's representative may present information on the student's behalf.

CODE OF STUDENT CONDUCT

- Relevant records, exhibits, and written statements may be accepted for consideration.
5. By a preponderance of the evidence, the Hearing Officer will determine whether it is more likely than not that a violation of the Code of Student Conduct, state statute, or school policy was committed.
 6. No recordings of the proceeding or deliberation will be permitted. The school will provide a notetaker to record a summary of the proceedings.
 7. After considering the evidence presented, the Hearing Officer will render a decision as to whether the student is “responsible” or “not responsible” for violating the Code of Student Conduct, state statute or school policy.
 8. The superintendent will send a notice of the finding and recommended disciplinary action.
 9. A failure to appear at the Hearing, will result in the student being found “responsible” for the violation.
 10. As a laboratory developmental school, a recommendation of expulsion will result in a student’s withdrawal from A.D. Henderson and FAU High School. Transcripts and disciplinary records will be updated to reflect the disciplinary action.

Bullying and Harassment Prohibited - Section 1006.147, Florida Statutes

The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff, and volunteers will demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate bullying or harassment.

2. Referral process to provide professional assistance or services that includes:
 - A. School personnel or parent/legal guardian may refer a student to the school intervention team (or equivalent school-based team with a problem-solving focus) for consideration of appropriate services. (Parent or legal guardian involvement is required at this point.)
 - B. If a formal discipline report or formal complaint is made, the principal or designee must refer the student(s) to the school intervention team for determination of counseling support and interventions. (Parent or legal guardian involvement is required at this point.)
3. A school-based component to address intervention and assistance as determined appropriate by the intervention team that includes:
 - A. Counseling and support to address the needs of the victims of bullying or harassment.
 - B. Research-based counseling/interventions to address the behavior of the students who bully and harass others (e.g., empathy training, anger management).
 - C. Research-based counseling/interventions which include assistance and support provided to parents/legal guardians, if deemed necessary or appropriate.

A procedure for including incidents of bullying or harassment in the school's report of data concerning school safety and discipline data required under s. 1006.09(6), F.S. The report must include each incident of bullying or harassment and the resulting consequences, including discipline and referrals. The report must include, in a separate section, each reported incident of bullying or harassment that does not meet the criteria of a prohibited act under this section with recommendations regarding such incidents:

CODE OF STUDENT CONDUCT

The school district will utilize Florida's School Environmental Safety Incident Reporting (SESIR) Statewide Report on School Safety and Discipline Data, which includes bullying/harassment as an incident code, as well as bullying-related as a related element code. The SESIR definition of bullying/harassment is unwanted and repeated written, verbal or physical behavior, including any threatening, insulting or dehumanizing gesture, by an adult or student that is severe or pervasive enough to create an intimidating, hostile or offensive educational environment, cause discomfort or humiliation, or unreasonably interfere with the individual's school performance or participation. If a bullying and/or harassment incident occurs, then it will be reported in SESIR with the **bullying/harassment** code. If the bullying/harassment results in any of the following SESIR incidents, the incident will be coded appropriately using the relevant incident code AND the related element code entitled **bullying-related** code.

Those incidents are:

- Aggravated Battery
- Alcohol
- Arson
- Bullying
- Burglary
- Criminal Mischief (Felony Vandalism- \$1,000 threshold)
- Disruption on Campus- Major
- Drug Sale/Distribution
- Drug Use/Possession
- Fighting
- Grand Theft (\$750 threshold)
- Harassment
- Hazing
- Homicide
- Kidnapping
- Other Major Incidents
- Robbery
- Sexual Assault
- Sexual Battery
- Sexual Harassment
- Sexual Offenses (Other)
- Simple Battery
- Threat/Intimidation
- Tobacco
- Trespassing
- Weapons Possession

School districts must report all SESIR incidents to law enforcement where the incident includes one or more of the following related elements, as defined in Rule 6A-1.0017, F.A. C.:

CODE OF STUDENT CONDUCT

- Alcohol-related
- Drug-related
- Gang-related
- Hate crime-related
- Hazing-related
- Injury-related, if the injuries are reported as more serious
- Weapon-related

Discipline and referral data will be recorded in the Student Discipline/Referral Action Report and FOCUS. The district will provide bullying incident, discipline, and referral data to the Florida Department of Education in the format requested, through Survey 5 from Education Information and Accountability Services, and at designated dates provided by the Department.

A procedure for providing instruction to students, parents/legal guardians, teachers, school administrators, counseling staff, and school volunteers on identifying, preventing, and responding to bullying or harassment:

Students, parents/legal guardians, teachers, school administrators, counseling staff, and school volunteers shall be given instruction, at a minimum, on an annual basis on the district's policies and regulations against bullying and harassment. The instruction shall include evidence-based methods of preventing bullying and harassment, as well as how to effectively identify and respond to bullying in schools.

*A procedure for **regularly reporting to a victim's parents/legal guardians** the actions taken to protect the victim:*

The principal or designee shall, by telephone and/or in writing, report the occurrence of any incident of bullying as defined by this policy to the parent or legal guardian of all students involved on the same day an investigation of the incident has been initiated. According to the level of infraction, parents/legal guardians will be notified by telephone and/or writing of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

*A **procedure for publicizing** the policy which must include its publication in the code of student conduct required under s. 1006.07(2), F.S., and in all employee handbooks:*

At the beginning of each school year, the superintendent or designee shall, in writing, inform school staff, parents/legal guardians or other persons responsible for the welfare of a student of the district's student safety and violence prevention policy.

Each district school shall provide notice to students and staff of this policy through appropriate references in the code of student conduct and employee handbooks, and/or through other reasonable

CODE OF STUDENT CONDUCT

means. FAU shall make all contractors contracting with the district aware of this policy.

The principal or designee shall meet to discuss the school district policy on bullying and harassment with students in a student assembly or other reasonable format. Reminders of the policy and bullying prevention messages such as posters and signs will be displayed around each school and on the district school buses.

Discipline for Students eligible for services under the Individuals with Disabilities Education Act ("IDEA")

1. Statutes and Rules

- A. The discipline of all students with disabilities ("ESE") is governed by federal statutes and regulations under the Individuals with Disabilities Education Act ("IDEA") as well as Florida Statutes.
- B. If the district knows, or should know, that a student may be eligible for special education and related services, but has not yet determined such eligibility, that student may assert all or any of the protections stated within this policy.

2. Suspension

- A. Suspension is the temporary removal of a student from all classes of instruction on public school grounds and all other school-sponsored activities, for a period not to exceed ten (10) cumulative school days per year. Any removal from school, even if the necessary paperwork for a formal suspension is not initiated or completed, counts toward the 10-day rule. All days a student with a disability spends out of school as a result of school action, whether formal or informal, apply towards the 10-day limit.
- B. The principal or a designee may remove a student eligible for services under the IDEA for up to **ten (10) cumulative school days per calendar year** for disciplinary infraction(s).
- C. Prior to consideration of suspension, the school must have made and documented reasonable attempts to use less restrictive alternatives and/or interventions to decrease the inappropriate behavior.
- D. Educational services may be provided during the ten (10) days, but are not required.
- E. If an ESE student is arrested on campus **and** suspended, those days count towards the cumulative ten (10) days allowed each school year.
- F. The IEP team must meet no later than the tenth (10th) day of the cumulative suspension to:
 - i. Determine if the student's behavior is a manifestation of the student's disability.
 - ii. Initiate a FBA or review the student's current FBA and behavior intervention plan.
 - iii. If the behavior is a manifestation of the disability, review the student's IEP.
- G. The Manifestation Determination Review (MDR) must be conducted at the IEP meeting.
 - i. When making a manifestation determination, the district, parent, and relevant members of the team shall review and take into consideration the student's present program and case history, including all relevant information in the student's file, the student's accommodation plan, any teacher observations, and any relevant information provided by the parents.
 - ii. The team shall then determine: (a) If the conduct in question was caused by, or had a

CODE OF STUDENT CONDUCT

direct and substantial relationship to, the student's disability; or (b) If the conduct in question was the direct result of failure to implement the IEP. A consensus of the members of the team shall make these determinations and such determination will be based upon the information reviewed by the team. If either (a) or (b) is applicable the conduct shall be determined to be a manifestation of the student's disability.

- H. The student's custodial parent/guardian must be invited to participate as a member of this IEP Team and the principal/designee must take reasonable steps to ensure that one or both of the parents of a child with a disability are present at the meeting or are afforded the opportunity to participate, including scheduling the meeting at a mutually agreed on time and place. If neither parent can attend an IEP Team meeting, the principal/designee shall use other methods to ensure parent participation, including individual or conference telephone calls. The custodial parent/guardian must be provided with a copy of procedural safeguards.
- I. A school cannot make a parent conference mandatory prior to the ESE student being returned to campus after suspension. A conference may be suggested, but the student maintains the right of access to education under the IDEA after ten (10) cumulative days per school year, even if the parent does not attend the conference.
- J. If the student's behavior is a manifestation of the student's disability, the IEP Team shall conduct a functional behavioral assessment and implement a behavior support plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment for conduct was not completed prior to the behavior. If a behavior support plan has been developed, the committee shall review the IEP, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports, and *return the student to the placement from which he or she was removed*. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.
- K. If the IEP Team determines that the student's behavior is not a manifestation, then the student may be suspended from school in the same manner students are not eligible for services under the IDEA. Nevertheless, such student shall continue to receive educational services, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP, and receive, as appropriate, a functional behavioral assessment, behavioral intervention services, and modifications, that are designed to address the behavior violation so that it does not recur.

3. Expulsion

- A. Expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the board, for a period not to exceed the remainder of the term or school year and one additional year of attendance.
- B. Expulsion cannot be considered for students eligible for services under the IDEA because it would constitute a cessation of educational services for that period of time.

4. Manifestation Determination Review (MDR)

MDR is a process by which parents and the school meet to determine if the student is being subjected to a disciplinary change in placement for behavior that is a manifestation of his or her disability. Whenever a student with a disability is subjected to a disciplinary change of placement

CODE OF STUDENT CONDUCT

(e.g. suspension or expulsion), the school district must conduct an MDR within 10 days of the decision to remove the student from school.

Discipline for Students eligible for services under Section 504 of the Rehabilitation Act of 1973 (“Section 504”) and Americans with Disabilities Act (“ADA”)

1. This Policy for the discipline of students eligible for services under Section 504 is designed to comply with State Board of Education Rule 6A-6.0331(8), the Section 504 Regulations at 34 C.F.R. Part 104, and 29 U.S.C. § 794 (“Section 504”). The phrase “eligible for services under Section 504” refers to students with active Section 504 accommodation plans and students with disabilities who require Section 504 plans. *However, for purposes of this policy, if the student’s sole impairment is drug or alcohol dependence, the student is not eligible for protection under Section 504 or the ADA if the student is currently a user of illegal drugs or alcohol. Such students may be disciplined in the same manner as other students for use or possession of illegal drugs or alcohol and will receive the same due process and substance- abuse assistance as other students under those Policies.*
2. **Definitions.** The words suspension and expulsion of students eligible for services under Section 504 shall have the following meanings through this policy:
 - A. **Suspension.** Pursuant to Fla. Stat. § 1003.01(5) (a) suspension, also referred to as out-of-school suspension, is defined as the temporary removal of a student from all classes of instruction on public school grounds, except as authorized by the principal/designee, for a period up to ten (10) cumulative school days and remanding of the student to the custody of the student’s custodial parent with specific homework assignments for the student to complete. *Any removal from school, even if the necessary paperwork for a formal suspension is not initiated or completed, counts toward the 10-day rule. All days a student with a disability spends out of school as a result of school action, whether formal or informal, apply toward the 10-day limit.*
 - B. **Expulsion.** As defined in Fla. Stat. § 1003.01(6) expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the Board, and for a period of time not to exceed the remainder of the term or school year and one (1) additional year of attendance. Expulsions may be imposed with or without continuing educational services (subject to Section (4) (f) below) and shall be reported accordingly.
 - C. **Re-evaluation.** Students with active Section 504 accommodation plans who are recommended for suspension in excess of ten (10) days, or expulsion, must have a re-evaluation prior to a significant change in placement, as required by 34 C.F.R. § 104.35(d). Students with disabilities, suspected of being eligible for services under Section 504, who are recommended for suspension in excess of ten (10) days, or expulsion, must be evaluated prior to a significant change in placement, as required by 34 C.F.R. § 104.35(b).
3. **Suspension of Students under Section 504/ADA.** Unless otherwise indicated by their accommodation plans, students eligible for services under Section 504 are expected to follow the rules of the student conduct code. Students who are eligible for services under Section 504/ADA may be suspended for infractions as defined for all students in the Code of Student Conduct, with the following limitations:
 - A. **Suspension for Ten (10) Cumulative Days or Less.** Unless otherwise indicated by their

CODE OF STUDENT CONDUCT

accommodation plans, student suspension procedures will be followed for students who are eligible for services under Section 504/ADA and recommended for suspension for ten (10) cumulative days or less.

- B. **Any Suspension beyond Ten (10) Cumulative Days.** No student who is eligible for services under Section 504/ADA shall be suspended beyond ten (10) cumulative days per school year, except through the following procedure. It is the responsibility of the principal or designee to monitor all serial/cumulative suspensions. **NOTE:** If a student has been referred for ESE evaluation prior to or during the Section 504 manifestation determination, the student is then protected under the IDEA for discipline provisions. Therefore, the team must treat the student as an ESE student. The principal/designee shall notify the 504 Multi-Disciplinary Team immediately when a student who is or may be eligible for services under Section 504/ADA violates the student conduct code and will be considered for suspension for more than ten (10) cumulative days per school year.
- i. Within twenty-four (24) hours of the recommendation for the extended suspension, the principal or designee shall provide written notice to the custodial parent/guardian and the student of the proposed suspension, alleged misconduct, and time and date of the scheduled 504 Multi-Disciplinary Team meeting. Notification of purpose, participants, and location of the meeting will be included. The custodial parent/guardian shall also be notified that the 504 Multi-Disciplinary Team will also serve as a 504 plan team and may change the student's Section 504 plan. The custodial parent/guardian shall be given a copy of Section 504/ADA Procedural Safeguards.
 - ii. The principal or designee will take reasonable steps to ensure that one or both of the parents of a child with a disability are present at the meeting or are afforded the opportunity to participate, including scheduling the meeting at a mutually agreed on time and place. If neither parent can attend an IEP Team meeting, the principal/designee shall use other methods to ensure parent participation, including individual or conference telephone calls.
 - iii. A meeting may be conducted without a parent in attendance if the principal or designee is unable to convince the parents that they should attend. In this case, the district will keep a record of its attempts to arrange a mutually agreed-on time and place.
 - iv. The notice and copy of Section 504/ADA Procedural Safeguards shall be delivered by registered or certified mail (return receipt requested) or personally delivered by the principal or designee at least twenty-four (24) hours prior to the meeting. A signed receipt of delivery must be obtained.
 - v. Before the student can be removed from the campus for the suspension recommendation, the principal or designee will arrange a 504 Multi-Disciplinary Team review of the incident that was the basis for the recommendation for suspension.
 - vi. Members of the Committee may include the following personnel:
 - a. A School psychologist as the person knowledgeable of the evaluation procedures pursuant to the disability.
 - b. If the disability of record is a mental disability, the school nurse should be present to consult with the psychologist.

CODE OF STUDENT CONDUCT

- c. A teacher, counselor, or appropriate person knowledgeable of the student.
 - d. An administrator (not the recommending administrator) as the person who is knowledgeable of the suspension/expulsion process.
- vii. The 504 Multi-Disciplinary Team will review the case and determine whether the student's conduct was or was not a manifestation of the disability for which the student has a Section 504 plan. A Manifestation Determination Review (MDR) is a process by which parents and the school meet to determine if the student is being subjected to a disciplinary change in placement for behavior that is a manifestation of his or her disability. Whenever a student with a disability is subjected to a disciplinary change of placement (e.g. suspension or expulsion), the school district must conduct an MDR within 10 days of the decision to remove the student from school.
- viii. When making a manifestation determination, the district, parent, and relevant members of the team shall review the student's accommodation plan, any teacher observations, past disciplinary referrals/infractions, and any relevant information provided by the parents.
- ix. The team shall then determine: (a) if the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or (b) if the conduct in question was the direct result of failure to implement the Section 504 Accommodation Plan. A consensus of the members of the team shall make this determination and such determination will be based upon the information reviewed by the team. If either (a) or (b) is applicable the conduct shall be determined to be a manifestation of the student's disability.
- x. If the 504 Multi-Disciplinary Team determines that the student's behavior is not a manifestation, then the student may be suspended from school in the same manner as students not eligible for services under Section 504. Nevertheless, such student shall continue to receive education services, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's Section 504 accommodation plan and receive, as appropriate, a functional behavioral assessment, behavioral intervention services, and modifications, that are designed to address the behavior violation so that it does not recur.
- xi. If it is determined that the student's behavior is a manifestation of the student's disability, the Multi-Disciplinary Team shall conduct a functional behavioral assessment and implement a behavior intervention plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment for conduct was not completed prior to the behavior. If a behavior support plan has been developed, the committee shall review the plan, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports, and return the student to the placement from which he or she was removed. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.

4. Expulsion of Students under Section 504/ADA

- A. Students eligible for services under Section 504/ADA may be recommended for

CODE OF STUDENT CONDUCT

- expulsion as defined for all students.
- B. The principal or designee shall notify the 504 Multi-Disciplinary Team immediately when a student with a Section 504 plan is being recommended for expulsion.
 - C. Within twenty-four (24) hours of the recommendation for expulsion, the principal or designee shall provide written notice to the custodial parent/guardian and the student of the proposed expulsion and the date and time of the scheduled 504 Multi-Disciplinary Team meeting to determine manifestation of disability. The procedures for conducting an MDR and for ensuring parental participation set forth in the Code of Student Conduct above shall apply to proposals for expulsions.
 - D. The notice, procedural safeguards, and a copy of this Policy shall be delivered by certified mail (return receipt requested) or the principal/designee shall personally deliver it and obtain a signed receipt.
 - E. If it is determined that the misconduct is not a manifestation of the student's disability, the student may be expelled in the same manner as students not eligible for services under Section 504. Nevertheless, such student shall continue to receive educational services, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's Section 504 accommodation plan, and receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications, that are designed to address the behavior that gave rise to the violation so that it does not recur.
 - F. If it is determined that the student's misconduct is a manifestation of the student's disability, federal law does not permit a school district to cease all educational services. If it is determined that the student's behavior is a manifestation of the student's disability, the Multi-Disciplinary Team shall conduct a functional behavioral assessment and implement a behavior intervention plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment was not completed prior to the behavior. If a behavior intervention plan has been developed, the committee shall review the plan, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports. In either case, the student shall be returned to the placement from which he or she was removed. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.
