
POLICY AGAINST BULLYING & HARASSMENT

a. Statement prohibiting bullying and harassment:

It is the policy of the School District of Florida Atlantic University Lab Schools that all of its students and school employees have an educational setting that is safe, secure, and free from harassment and bullying of any kind. The district will not tolerate bullying and harassment of any type. Conduct that constitutes bullying and harassment, as defined herein, is prohibited.

b. Definition of bullying and a definition of harassment:

Bullying includes cyberbullying and means systematically (carried out with a system, method or plan) and chronically (continuing for a long period of time) inflicting physical hurt or psychological distress on one or more students or employees. It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve but is not limited to:

1. Teasing
2. Social Exclusion
3. Threat
4. Intimidation
5. Stalking
6. Physical violence
7. Theft
8. Sexual, religious, gender, ethnic or racial harassment
9. Public or private humiliation
10. Destruction of property

Cyberbullying means bullying through the use of technology or any electronic communication, which includes, but is not limited to, any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photoelectronic system, or photo-optical system, including, but not limited to, electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person, or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student or school

1. Places a student or school employee in reasonable fear of harm to his or her person or damage to his or her property.
2. Has the effect of substantially interfering with a student's educational performance, opportunities, or benefits.
3. Has the effect of substantially disrupting the orderly operation of a school.

Bullying and **harassment** also encompasses:

1. Retaliation against a student or school employee by another student or school employee for asserting or alleging an act of bullying or harassment. Reporting an act of bullying or harassment that is not made in good faith is considered retaliation.
2. Perpetuation of conduct listed in the definition of bullying or harassment by an individual or group with intent to demean, dehumanize, embarrass, or cause emotional or physical harm to a student or school employee by:
 - a. Incitement or coercion;
 - b. Accessing or knowingly and willingly causing or providing access to data or computer software through a computer, computer system, or computer network within the scope of the district school system;
 - c. Acting in a manner that has an effect substantially similar to the effect of bullying or harassment.

Cyber-stalking as defined in s. 784.048(1)(d), F.S., means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

*c. Description of the type of **behavior expected** from each student and school employee of a public K-12 educational institution:*

The School District of Florida Atlantic University Lab Schools expects students to conduct themselves as appropriate for their levels of development, maturity and demonstrated capabilities, with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The school district upholds that bullying or harassment of any student or school employee is prohibited:

1. During any education program or activity conducted by a public K-12 educational institution;
2. During any school-related or school-sponsored program or activity;
3. On a school bus of a public K-12 educational institution; or

POLICY AGAINST BULLYING & HARASSMENT

4. Through the use of data or computer software that is accessed through a computer, computer system, or computer network of a public K-12 education institution.
5. Through the use of data or computer software that is accessed at a non-school-related location, activity, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by the school district or school, if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services, activities, or opportunities offered by a school or substantially disrupts the education process or orderly operation of a school. (Please note - this item does not require a school to staff or monitor any non-school-related activity, function, or program.)

The school district believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff and volunteers will demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate bullying or harassment.

All administrators, faculty and staff, in collaboration with parents, students and community members, will incorporate systemic methods for student and staff recognition through positive reinforcement for good conduct, conforming to reasonable standards of socially acceptable behavior, respecting the person, property and rights of others, obeying constituted authority, responding to those who hold that authority, self-discipline, good citizenship and academic success, as seen in the required school plan to address positive school culture and behavior.

Students are encouraged to support other students who walk away from acts of bullying and harassment when they see them, constructively attempt to stop them, and report such acts to the principal or his/her designee.

Students are required to conform to reasonable standards of socially acceptable behavior: respect the person, property and rights of others; obey constituted authority; and respond to the educational, support and administrative staff.

d. Consequences for a student or employee of a public K-12 educational institution who commits an act of bullying or harassment:

Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action.

j. A procedure to refer victims and perpetrators of bullying or harassment for counseling:

The school referral procedure establishes a protocol for intervening when bullying or harassment is suspected or when a bullying incident is reported. The procedure includes:

Students, parents/legal guardians, teachers, school administrators, counseling staff and school volunteers shall be given instruction, at a minimum, on an annual basis on the district's policy and regulations against bullying and harassment. The principal or designee shall, by telephone and/or in writing, report the occurrence of any incident of bullying as defined by this policy to the parent or legal guardian of all students involved on the same day an investigation of the incident has been initiated. According to the level of infraction, parents/legal guardians will be notified by telephone and/or writing of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and

POLICY AGAINST BULLYING & HARASSMENT

Privacy Act of 1974 (FERPA).

- n. A procedure for publicizing the policy which must include its publication in the code of student conduct required under s. 1006.07(2), F.S., and in all employee handbooks:*

At the beginning of each school year, the superintendent or designee shall, in writing, inform school staff, parents/legal guardians or other persons responsible for the welfare of a student of the district's student safety and violence prevention policy.

Each district school shall provide notice to students and staff of this policy through appropriate references in the code of student conduct and employee handbooks, and/or through other reasonable means. The superintendent shall also make all contractors contracting with the district aware of this policy.

The principal or designee shall develop an annual process for discussing the school district policy on bullying and harassment with students in a student assembly or other reasonable format.
